Maple Leaf flour mills are building a large warehouse for storing flour as the increasing demand has kept the supply short of what it should have been. A new automatic scale has been installed to sack grain, thus taking the place of an extra man for this purpose.

Arrangements are practically made for the appearance of Adelina Melba, the world's greatest singer, in Calgary the first week in October. Those who desire seats for the concert should apply at once to Frank Wrigley, Calgary. The price of seats is \$5, payable when seats are allotted.

The hockey game announced for Tuesday afternoon between the Calgary Lacrosse-Hockey team and the Didsbury team did not take place, owing to some misunderstanding between the two managements. The secretary of the Didsbury club wrote them last week making arrangements for the game, which letter was acknowledged over the phone, but for some reason the Calgary management deny this and did not come up. As far as can be ascertained no blame would rest on the Secretary of the Didsbury club. Perhaps the Calgary team is somewhat disorganized over their recent rumpus and were not in shape to come.

About twenty members of the local I. O. O. F. lodge attended a meeting of Cascade Lodge, Olds, on Thursday night last by invitation. A special train bearing representatives from all the Calgary lodges and from every lodge between Calgary and Olds arrived at Olds about 8:30. There were also a few members from the Lodge at Lethbridge. Altogether it is estimated that there were over two hundred members of the I. O. O. F. present. Degree work was put on by the Calgary lodges and was greatly enjoyed by those present. The Olds brethren gave a fine luncheon to the visiting brethren and did all possible to give them all a good time. The special left Olds about 2:30 a. m.

A meeting of the Curling Club was held on Tuesday afternoon and arrangements completed for another competition between the members of the club. The following skips and rinks were drawn up: H. G. An Apology

In behalf of the Didsbury Hockey Club, I wish to apologize to Mr. Nelson for the injustice done him by placing the blame on his shoulders for the non-appearance of the Lacrosse Hockey Club of Calgary on Feb. 15th. The whole fault lies with the manager of the Lacrosse Club, Mr. C. C. Cook, who after making definite arrangements with Mr. Nelson, allowed the matter to fall through without notifying us. Do Not Have to Install Sewage System

A short time ago the attention of the public was called to a clipping from a well known daily paper which stated that all municipalities would be required to put in a sewage system this year. Hearing nothing particular about the matter we took it to mean that the report was incorrect, but to make sure wrote to Dr. Irving, Provincial Health Officer, Edmonton, who stated that this was an order of the Provincial Board of Health regarding all municipalities who already have a sewage system in operation to comply with the Board's requirements.

[This of course does not apply to Didsbury as we have no sewage system in operation.]

The Short Course in Agriculture

The short course in agriculture which begins on Monday next at Oles promises to be well attended. Every effort is being made by the Olds Board of Trade and their energetic Secretary, Mr. W. H. Hammer, to make this course a success to those attending.

The Department of Agriculture of the Provincial government is furnishing a great opportunity to those attending this course to learn much that is of the greatest importance to the farming community, and experts in the different branches of agriculture have been engaged to deliver the lectures for which there is absolutely no charge.

At the close of the lectures there will be competitions in judging on heavy and light horses, dairy cows, beef cattle, grain, hogs, sheep and poultry.

The student attaining the greatest proficiency in each will be awarded a gold medal in the first six subjects and silver medals for sheep and poultry. These medals have been donated by the Olds town council.

Farmers and Agricultural College

When the United Farmers of Alberta asked its executive to pass opinion upon the site of the agricultural college, there was no further doubt of the action that would be taken. When the executive voted on the question, a few Calvary men opposed the Strathcona site. A couple of years ago the executive passed a resolution opposing the location in Strathcona, but times and conditions seem to have changed since then. This is an age of many parties.

Of course it would have made no difference what decision the farmers made. The agricultural college was to be located with Dr. Tory and that settled it. Now that the university senate has decided and the farmers' union has decided, the next thing is for the legislature to decide. It does seem as though it might have been the right thing to allow the legislature to make the first decision, for it is as much interested in these matters as the others.

As a matter of fact there are many reasons why the agricultural college and the university should be under one management, but that is no argument that either should be located in Strathcona. There is some promise that certain agricultural schools will be sprinkled throughout the province, constructed so that all have their outlook upon the Strathcona fountain-head. This may be some help.

MALCOLM KIRK

A Tale of Moral Heroism
In Overcoming the World.

(Continued.)

As she stood there this Saturday night two men in the crowd were talking about the picture. They stood so near her that she could not help hearing what they said.

"It seems too bad to take the picture out of the window."

"We can leave it there another week."

"When do you start west?"

"The last of next month."

"Better leave it here till then."

"I know you too. But what a force it has."

Faith started at the familiar name and looked up.

The man who spoke was a middle-aged, grey-haired gentleman, and the man whom he called "Malcolm" perhaps 20 years younger, a dark, well-looking fellow, with something in his face that made Faith puzzle over something foreign there. For an instant their eyes met. Then Faith blushed and moved back out of the crowd and went on her way, but she knew that the two gentlemen were looking after her.

"They are the persons who have bought the picture and will take it away," she said as she walked alone. She was sad at the thought, for she had come to the city to earn the father's fare which she had enjoyed every day since she first saw it there.

During the next few weeks Faith had an experience that tried her as she had never been tried.

She visited many of the photographers' studios, got price-work; in some of them she would find waiting a dozen girls all on the same errand. She prov-

ed the value of her work on several occasions, for she had learned to do the touching-up in a superior manner, and still, work as hard as she would, the orders she could get did not equal her expenses which she had reduced to the lowest possible figures.

She came back to her room one day

after an unsuccessful application for work in 20 places, thoroughly tired, and when she walked a good many miles, and the streets were running over with mud and snow.

She counted over her money and for the first time realized that she had reached the end. She was determined to go home, but she had no money and lay in the fat and lean very kindly.

She went down to a little newsstand on the corner and bought an evening paper and looked over the wilderness of "wants" and wondered how in a city like that any one ever found anything. She had just come out of a newsboy who was just coming out of a newsboy near by and thought of asking him how he managed to get his position when so many boys were probably without any.

She took the paper to her room and finally settled on one advertisement offering a possible chance for her.

She had made up her mind for several weeks that she could not make a living by retouching.

"I'll do it," she said with a faint smile, "but I don't know if I wonder what mother would say."

The advertisement was as follows:

WANTED—An American girl to do cooking and general housework. Wages satisfactory. Apply with references to — Mrs. Stevens.

"I'll do it," she said with my board. I can save nearly every cent of it," said Faith resolutely. And mother taught me how to cook. I am sure it is as honorable a way to earn a living as working in a store."

There was a lot of adventure in it also that attracted her. The thought of Dorothy Gilver's daughter working out as a "bored girl" gave Faith something of a surprise at herself, but it was a part of her love of experiencing that she had to have the experience she was now about to know.

She went to the studio early Monday morning and secured good references. For the rest she said she would frankly ask the people to try her for a week at least and then employ her for.

She took a Cottage Grove avenue car and went directly to the number on Ellis avenue. It was a large house with a veranda on three sides. She went around to the side entrance and, mounting the steps, rang the bell, her heart trembling a little as she did so.

CHAPTER XV.

Faith becomes a "bored girl."

When the door opened, there stood, fair-faced Faith, a good looking, well-dressed woman, who was evidently the mistress of the house.

"I have come to answer to your advertisement, matron," said Faith slowly. She was unexpectedly embarrassed by the woman's silent look.

"Will you come in?"

The woman pointed to a chair, and Faith sat down. It was the dining room, a fine, large room, evidently well.

"My name is Faith Kirk. I have been at work as a retoucher in Kef- fett's studio, and here are some references from that place."

Faith handed them over, and the woman took them and carefully read them. While she was reading Faith looked about, shyly but observantly. She liked the appearance of the house.

"Have you ever worked out in the city?" asked the woman suddenly as though Faith had been talking about something else.

"No, ma'am. I came here to work in the studio and lost my position there owing to a reduction of hands."

"Can you cook?"

"Yes, ma'am," replied Faith modestly.

And do the housework for a family of four?" There are my husband and my son and daughter."

"I think I can do it. I am sure I can. I am strong and well." Faith spoke with some pride, for whether she had her mother's beauty or not she had inherited her parents' splendid physique.

The woman of the house looked at her in some hesitation.

"Doesn't your husband come in?" she finally said.

"No, ma'am. I don't know you either." Faith said it without the least appearance of being impudent, and after the fashion of Malcolm Kirk she looked straight in the other's eyes as she spoke.

The woman colored at first and then smiled a little.

"It does seem to be about an even thing, doesn't it? Well, the references are good as far as they go. Would you come for a week on trial? I have given you my address, and let me help you in that way."

"Yes, ma'am."

"I am willing to pay \$35 a week if you can do the cooking, or even \$4 if you can do all the work satisfactorily."

"I will come on trial, and if I don't like you you can call me off again."

Faith was greatly surprised. There was something about the woman's manner that seemed to her cold and unmercifully businesslike; but, on the whole, it seemed like a desirable place to work.

Her name is Fulton. Yours is?"

"Kirk, Faith Kirk."

"Ah, yes! Well, Faith I shall show you home. Have you a trunk?"

"Yes, ma'am. At my room?"

Faith gave the number.

After a short silence, Faith went to a telephone in the next room and gave the necessary order. Faith had packed her trunk so as to have it in readiness.

Mrs. Fulton led Faith up stairs to her room, which was a comfortable room, and as they stood there she talked about the work expected of the "help."

"I suppose you will want your Thursday afternoon and Sunday after dinner?"

"I suppose so," said Faith, a little vaguely.

Mrs. Fulton looked at her sharply.

"I'm not surprised. His father was the infernal old sicker I ever knew."

Tabled and Fired.

Mrs. Fulton—You must love your husband very dearly if you save all the letters he sends you while you're in the country.

Mrs. Fulton—I'm keeping them for comparison, my dear. I'm sure to catch him in a lie.

They say that Jawsy is the greatest kicker in his football team."

"I'm not surprised. His father was the infernal old sicker I ever knew."

"I do it," she said with a faint smile. "Can you tell me where I wonder what mother would say?"

The advertisement was as follows:

THE HOUSE IN SESSION

MEMBERS ARE NOW GETTING DOWN TO BUSINESS

Alberta and Great Waterways Railway
Now Under Discussion—Optimistic Report Submitted by the Provincial Secretary, Shewing Large Sumns Invested by Incorporated Companies—List of the Standing Committees.

Edmonton.—The Alberta and Great Waterways railway, the colonizing road whose bonds were guaranteed at \$30,000 per mile to build a line from Edmonton to Fort McMurray and the road whose location there has been the cause of considerable comment of late, will be under fire in the house this week.

J. J. Boyle, ex-deputy speaker, has given notice that he will move, seconded by Mr. Woolf, Cardston, that all orders in council, the agreement, motion, or resolution, for the security for guarantee by government plans, profile, books of reference, location plans etc., be laid before this house.

The provincial secretary tendered his annual report, which is of a very optimistic nature, regarding the outcome of 1909. During the past year 200 companies incorporated with a capital of \$19,360,000. Comparison of revenue for 1908 and 1909 is \$23,006.32, as compared with \$19,254.00, total revenue since 1903 \$122,540.00.

Premier Rutherford submitted the following list for standing committees:

Privileges and elections—Rutherford, Cross, Bennett, Cope, Woolf, Boyle, Campbell and Puffer.

Railways—Boyle, Cross, Marshall, Saskatchewan, Warnecke, McKechnie, Woolf, Walker, Hohens, McKenna, Bennett, Stewart, Stauffer, Shaw, McPherson, McPherson, Campbel, H. H. Headley, Corlett, Olin, Telford, Moore, Michener, McLean.

Miscellaneous and private bills—Cross, Finlay, Lessard, McDougal, Hosack, McPherson, Boyle, Smith, Roberts, McKenzie, Boyle.

Standing orders—Cushing, Puffer, Riley, Michener, Glenendene, Campbell.

Public accounts—Rutherford, Cross, Cushing, Marshall, Boyle, Bennett, Hosack, McPherson, Puffer, Warnecke, Olin, Genge, McLean.

Agriculture and colonization—Marshall, Edward, Finlay, Walker, Lessard, Shaw, Hosack, McPherson, Boyle, Puffer, Telford, Boyle, Boudreau, Campbell (Vernon), Glenendene, Gunn, Holden, Michener, McLean, Boyle, Riley, Simpson, Woolf, Campbell (Penoka).

French Capital Coming into Canada
Ottawa.—A further extension of the French interests in Canada is announced by Senator Roy, of Alberta, who has just returned from Paris where he has been completing arrangements with French bankers for a loan of \$10,000,000 to be used in the four western provinces. The name of the company is La Hypothecaire Canadienne or L'Union Immobiliere, with a capital of \$24,000,000, and the French capitalists interests are represented by La Societe Centrale Des Banques De Province.

English interests are also concerned through the Canadian Agency, Limited, of London, England.

The land office of the Canadian government will be in Winnipeg, and the directors will be Sir Daniel McMillan, and the directors are Messrs. W. R. Allan, Black, McGregor and Reynolds, a number of Montrealers among the managing shareholders. The company is incorporated in France, and it is proposed to secure further capital by the issue of French bonds.

Educationists Will Meet at Easter

Calgary.—A provincial Education association has been formed for Alberta, which will meet in Calgary for a three days session on the Tuesday following Easter.

Premier Rutherford, minister of education, will open the meeting. The association will be in charge of the educational work in the following provincial officers: President, A. C. Newcombe, principal of Calgary High school; first vice-president, William Rae, principal of Edmonton High school; and vice-president, W. H. Hamilton, superintendent of schools, Lethbridge; secretary, W. E. McLean, principal of the Provincial Normal school.

Executive committee—Prof. Kerr, of the provincial university; John Ross, chief provincial school inspector; Dr. A. M. Scott, superintendent of schools, Calgary, and Principal Thompson.

Japanese Exclusion Debated in House

Winnipeg.—A bill to prohibit Japanese immigration of California, aimed at the exclusion from the United States of the laboring classes, a Japanese was reported favorably the house by the committee on immigration, on an unanimous vote. At present the Japanese immigration is restricted by an agreement by the United States and Japan, by the terms of which Japan has prevented the laboring class from coming to the United States. It has been expected that some exclusion law would be discussed to take the place of this agreement.

New Canadian Bank Projected

Edmonton.—A new national bank, to be named the Canadian Mortgage Bank, with a capital of £1,000,000. The primary object of this bank is the granting of mortgages on land and houses on the lines of continental mortgage banks.

CANADIAN PACIFIC EXTENSIONS

Lethbridge to Calgary Line to Be Extended—The Lethbridge Branch to be Run a few Miles East of Icicleans

Montreal.—Arrangements have been made by Mr. Wm. Whyte, second vice-president of the C. P. R. at Winnipeg, for the Canadian Pacific construction programme in the west.

This is pretty extensive and includes some 621 miles, divided between Saskatchewan, Alberta, British Columbia and Manitoba.

Some of this work is in the nature of colonization lines to open up new territory, connecting lines between existing lines.

The programme as stated by Mr. Whyte, includes some 30 miles in Alberta, 48 miles in Saskatchewan, 115 miles in British Columbia, and 50 miles in Manitoba, the latter being mainly for grain tracking. Mr. Whyte says the details had not yet been settled, and that he would report in Montreal several days yet, going over the work with the president and other officials.

The programme also includes the construction of a bridge over the Red River, Saskatchewan river, the North Saskatchewan, and the South Saskatchewan between Medicine Hat and Winnipeg. By the North Saskatchewan, Edmonton will be connected with the South Saskatchewan between Medicine Hat and the forks to the South Saskatchewan was 370 miles. From Medicine Hat to the South Saskatchewan will be 200 miles.

A line from Craven on the west side of the mountains, northward to Colinton on the line between Winnipeg and Saskatchewan, 110 miles.

A bridge over the Little Saskatchewan, and a line westward 93 miles from Outlook, and from that point north to Macleod in the Saskatchewan valley, a point 28 miles west of Weyburn, where the present line ends.

This is a colonization line, 25 miles further. This is a colonization line and will be ultimately extended to 40 miles on the same line between Weyburn and Lethbridge.

On the Lander colonization line, the road will be continued from Tidston 11 miles.

From Regina a line will be built southward to Craven on the cut-off between Weyburn and Stoughton, 78 miles.

These lines all end in Saskatchewan.

In Alberta the programme includes a line running northward from Lethbridge to the irrigation country. This will be extended 50 miles eastward to give further facilities to settlers in the irrigation area, and will be connected with the main line to connect at Red Deer with the Calgary and Edmonton line.

Another line will be built southward to the Hudson Bay route. The west was contributed largely to the country's revenue now, and he thought that at this point it had come to have some of its strength in developing westward waterways.

The motion for papers was carried.

License Law Now in British Columbia

Victoria.—The second session of the legislative assembly and consolidating the existing legislation affecting the liquor traffic was up for the second reading in the legislature. In making the second reading, Hon. H. H. Stevens, of Victoria, stated that the bill was the most stringent measure dealing with the liquor traffic introduced into any Canadian province. The bill, he said, would regulate the sale of liquor to dispossess, and places large powers in the hands of police chiefs with regard to placing controlled drunks on the restricted list.

Big American Immigration

Lethbridge.—J. Bruce Walker, Dominion immigration commissioner in an interview, said that immigration from the United States in January was one hundred and twenty thousand, and Americans this year. There are still twelve thousand more.

In Manitoba the line will be cleared from Winnipeg to Portage la Prairie, a distance of 55 miles, and this eventually will be continued to Brandon.

License Law Will Be Lieutenant Governor?

Victoria.—The second session of the legislative assembly by Lieutenant Governor is the last at which the provincial session is held during its present term of one year. His term of five years expires, his appointment having dated from the inauguration of the new president in September, 1905. Almost the entire session is to be蹉跎ed with the preparation of the budget for the new fiscal year.

The secretary of the live stock association is F. Hedley Auld, Regina.

Mr. Auld is also managing director of the Western Stockmen's Association.

When asked if he intended to seek membership in the live stock association applicants should state whether they wish to join the horse, cattle or swine breeders' association.

Perry Will Leave Mounted Police

Regina.—It is rumored here that Commissioner Perry, of the R. N. W. M. will leave the short term of his appointment with the force.

He has been mentioned at different times. Up to the present no official announcement has been made by the government, but it is not expected that he will be forthcoming soon.

It is rumored in local government circles, however, that Lieut.-Gov. McNaughton will be reappointed to the position.

McNaughton will be re-appointed to the position.

To Our Ghost Pine Friend

Editor Pioneer:

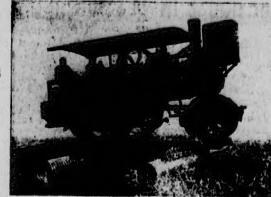

Sir—The itemizer of Ghost Pine seems to be hurting some on account of the agitation of a herd law. A herd law, that a lot of us want is not a law that will make us follow our cows all day and night. Some people go to extremes and say that this is herd law. We do not wish to say that we want the grain to go to waste. We do not care how many cattle run on the open prairie, but we do not want the range stock to destroy the crops on which we have put a lot of work. We want the farmer protected and not the drone (rancher). We do not care where the stock run is on the prairie, but if it does damage to crops, then the owner of such stock should pay the loss. You say that some people seem to not have sense enough to know that cattle bring in money. You should have sense enough to know that we want potatoes too. We thought you people at Ghost Pine had more land broken than you needed for potatoes. Cattle do not care for potato vines anyway. But say, please tell us what is the word government mean. —WESTCOTT.

Harmattan

The even of the second took place last Friday evening at the home of Mr. and Mrs. D. W. Meeker, it being the occasion of Harmattan Orchestra and Glee Club banquet.

Preparations for this function were made and carried out by the ladies who were in charge of the affair, and much credit is due in part in these efforts.

At the hour of 7:30, all the members being present, grace was said, a benediction was given, and the Harmattan Orchestra and Glee Club sang.

The meal was served in a simple manner. Waitresses were dressed in hats and a dinner napkin with a star mark Twain, the after dinner idol. Whilst the slavish repast was being paraded on, the members of the Harmattan Orchestra and Glee Club sang.

After all had done justice to the good things provided the most interesting entertainment of the evening was given.

Evening was the highlight of the meeting. Waitresses were introduced in the chair the following toasts were given:

"The King," F. T. W. Graham, L. Collier;

"Our Fair Dominion," Rev. J. E. H. MacLellan, Mr. J. E. H. MacLellan;

Why repeated trips are made from distant points to the flour mills. You need not guess at it. It is because they are satisfied in every way. Unbleached, nutritive, better tasting, are the properties of our Patent Flour. How long could we do business if the flour was not satisfactory? Trade is increasing, which is the best evidence of success. We have Rolled Oats, Rye Flour, etc., everything in the milling line.

Alberta Pick-Ups

The Alberta Horse Breeders' Association at a meeting held in Calgary last Friday passed a resolution opposing the Miller anti race-track gambling bill.

There is trouble in the local legislature over aid to railways. It is reported that Mr. Cushing, Minister of Public Works, will resign.

A. P. Harper, tailor at Ods, has sold out.

Calgary barbers are strongly agitating for the closing of barber shops at seven o'clock instead of eight.

The C. P. R. will build a bridge at Outok, over the Saskatchewan, will be 3,000 feet long and 120 feet deep. A traffic deck 29 feet wide will be suspended half way up the tower.

The new railway from Edmonton to Fort McMurray, a distance of 300 miles to the navigable waters of the McKenzie river, will be built this year. F. S. Darling of Toronto will be the builder.

A convict named Baumer attempted to escape from the Edmonton penitentiary last Friday.

This is the last session of the Alberta Legislature at which Lieut. Gov. Buuya will officiate unless he is re-appointed.

New C. P. R. Railroads

In Alberta the C. P. R. programme of railway building includes a fine line running north from Langdon, which already extends 90 miles to Irricana in the irrigation country. This will be extended 15 miles easterly to give further facilities to settlers in the irrigation block, and will eventually be carried north to connect at Red Deer with the Calgary and Edmonton line. Another line will be built on the Kipp extension west of the Belly river viaduct which now stops at Carmagay on the Little Bow river. This will be extended northerly 30 miles to take care of the Alberta fall wheat district.

A number of Gleichen and Calgary citizens went to Edmonton on Monday to interview the government on the matter of the Agricultural College. Didsbury should also have representatives sent up.

A Positive Cure for Indigestion

If you have indigestion, your food ferments in the stomach. It is the gas formed by the bacteria, matter which should go to make new blood cells with it, and this leads to an impoverished condition of the blood, so nervous, listless, fatigued, sick, etc., that he who indulges in such a diet loses his friends, and other disagreeable and unpleasant conditions.

And all this trouble is caused by the food that is poorly digested, but ferments and of times in the stomach.

And fermentation is caused by the stomach not being strong, strong and energetic enough to thoroughly mix the food with the digestive juices.

M-I-O-N-A is responsible for tens of thousands of cures. In fact, it is such a positive cure that it is guaranteed by H. W. Chambers to cure or money back. The price of a large box of M-I-O-N-A tablets is 50 cents, and they are sure to promptly relieve the most case of indigestion or gastritis. Try them.
